CSRA Economic Opportunity

What We Do

It is the policy of the CSRA EOA Board of Directors to promote self-sufficiency and ease the human suffering of the citizens of the CSRA using the following strategies:

- * Acting as a catalyst within the low-income community to identify poverty-related and human rights problems and to identify resources and develop services to address those problems;
- * Promoting the attitude of self-help in the low-income community;
- * Providing community education to the low-income population, raising their awareness of their rights as citizens, and focusing their attention on the causes of poverty and human rights problems; and
- * Working with the community, rather than for the community, to promote self sufficiency and leadership among the poor.

Central Savannah River Area Economic Opportunity Authority, Inc. is committed to facilitating the movement toward self-sufficiency, self-reliance, and self determination by, "Helping People Help Themselves."

The Promise of Community Action

Community Action changes people's lives, embodies the spirit of hope, improves communities, and makes America a better place to live. We care about the entire community, and we are dedicated to helping people help themselves, and each other.
